

# Manifold Creators Society

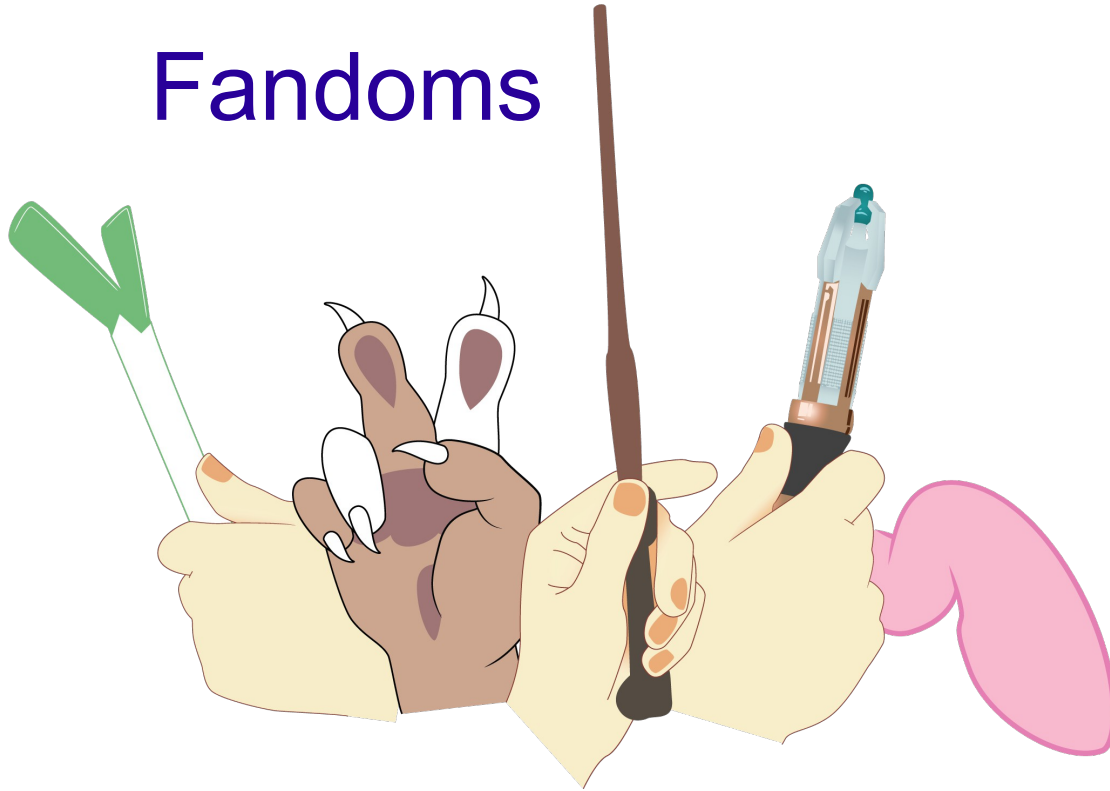

“How does fandoms affect your life?”

# Manifold Creators Society

Manifold Creators Society is a non-profit (501c3 status currently pending), started in January 2015, dedicated to promoting arts, creativity, charitable aid, and above all else, the education of the general public of various fandoms. This is accomplished through grants, donations, scholarships, workshops, and general promotion and education of artists and fandoms. Our staff is made up of some of artists and active members of the Furry, Brony, Whovians, and Otaku community and are passionate about fandoms and the artists that make these fandoms so special.

Manifold Creators Society started with the idea that fandoms are mostly made up of artists and creators. These are the people that make fandoms truly special, but not everyone gets the help they need or the recognition they deserve. Helping artists and creators is at the heart of Manifold Creators Society.
